Letter No. 1203—995, dated 26th April 1898, from the Deputy Commissioner, Shimoga district.

With reference to Government Proceedings No. 13733-4—Mis. 2917, dated 23rd April 1898, regarding the deputation of a higher Medical Officer and a responsible Revenue Officer on cholera duty, I have the honor to state that the Civil Surgeon of Shimoga, in company with the Police Assistant Superintendent, has visited many of these places, and given practical instructions to the inhabitants.

The *list of places visited is appended. The difficulty in most of the villages is that the inhabitants do not like to place themselves under treatment, even after a great deal of persuasion. In some cases the patels, either on account of illness in their own families or of fear, do not report cases in time. A strict order has been issued that the earliest possible reports should be sent and that a copy should be sent to the Civil Surgeon also. The infected places are in charge of two Hospital Assistants, one at Benkipur, and another at Holehonnur.

2. In most of the places, bad drinking water is said to be the cause of cholera. The Amildar has been directed to get temporary wells sunk for water in the beds of tanks in some of the worst villages of Shimoga. In other places, the Civil Surgeon has personally had the drinking water wells, &c., treated with permanganate of potash.

3. I returned from Jamabandi lately, and shall also shortly go round some of these places or dupute another officer for the purpose.

In acknowledging the receipt of Proceedings and order thereon No. 13733-4—Mis. 2917, dated 23rd April 1898, I have the honor to state that the Civil Surgeon of Shimoga has, under my instructions previously given him, been visiting the cholera-stricken places and submitting reports to this office, which I herewith forward for perusal and favor of return.

I have this day issued further instructions by wire to visit the affected places in order of severity and submit reports, which will be sent up to Government immediately on receipt. Under the circumstances I do not consider that any further medical aid is necessary.

(Enclosures to the above letter.)

Report No. 791, dated 23rd April 1898, from the Civil Surgeon, Shimoga.

I have the hon r to inform you, that on the 20th instant, in the afternoon, I inspected Byrankoppa and Gubbur, situated at the 5th mile in the Ayanur-Showlanga road in the Kumsi sub-taluk, where there were a few cases of cholera. The people of Byrankoppa used the water of a small pond. I permanganated the water of this pond and advised the villagers to dig a well near the pond and use the water of that well for drinking purposes.

The people of Gubbur use the water of a tank for drinking purposes; there is very little water in the tank and the surface of the water is about 500 square yards and the water in the tank is 2 feet deep at its deepest part. The greater part of the surface of the tank is covered with water plants. I permanganated the water of this tank just where the people take water. As I was permanganating the water of the tank, all the villagers ran up to me and asked me what I was doing; I told them that I was putting medicine into the water of the tank, which I suspected to have become contaminated with the evacuations of a cholera patient, when one of the villagers told me that the soiled clothes of the first person who died in their village of cholera were washed in the tank. The villagers thanked me for having gone to their village to attend to their requirements. I advised them to sink several wells in the bed of the tank and to use the water of these wells for drinking purposes, and gave them instructions for the management of a case of cholera, for the prevention of its spread and for guarding the source of drinking water against pollution. On the 22nd instant I went to Holehonnur in the Shimoga taluk, situated on the right bank of the Bhadra river, and found some cases of cholera and sent an urgent order from there to 3rd Class Hospital Assistant, B. Srinivasaiengar, to go to Holehonnur with a good supply of cholera medicines and remain there in medical charge of that village and of the villages near it, where cholera has lately prevailed. Holehonnur is a large village and is said to have a population of about 4,500; it has a Municipality with an income of Rs. 100 a month. A bazaar is held in the village once a week, when the inhabitants of about 80 small villages come to Holehonnur to buy provisions, &c. The people of this village wish to have a dispensary in their village and I have asked them to apply to the Deputy Commissioner for one. I explained to them the nature of cholera and the media through which it spreads, and the management of a case of cholera and the precautions to be taken to prevent the spread of cholera, &c., &c., and asked the Municipality to supply chunam for disinfection of evacuations and soiled clothing of patients.

The burial ground in the village is in the bed of the river Bhadra, not in its lowest part; but the burial ground becomes, I was told by the villagers, submerged in the rainy season, when the river is in floods; the villagers take their water from the river at a distance of about 400 yards lower down in the course of the river and have therefore the full benefit of the water that flows over a burial ground. The bed of the river is deliberately used for purposes of nature. I asked one of the Municipal Commissioners to put up at once some temporary latrines with tatties made of cocoanut leaves in a field near the river, and to make arrangements for building a number of public latrines in the town. I then went to Arabotolalu, Kallihall and Arikaray where a few cases of cholera were reported by the police. These villagers obtain their drinking water from tanks which contain a very small quantity of very dirty looking water, containing water plants. I permanganated the water of these tanks as well as I could, and advised the villagers to sink wells in the beds of tanks. In the tank at Arikaray, I found the fish dead and floating, and their number was so very large, that the surface of water looked more like a sheet of dead fish than like a sheet of water and the villagers have given up using this water; since the 21st instant, *i. e.*, the day on which the fish died and floated, the villagers are using the water of a pond in a garden, and the water of this pond was permanganated by me.

I requested the Deputy Commissioner to see that wells are sunk in the above villages in the beds of tanks as soon as possible, as otherwise all the inhabitants of these villages will soon die from drinking filthy water, if not from cholera. The number of deaths reported to me by the villagers is very much larger than the number of deaths brought to the notice of Government authorities, and the difference in the reports is due, partly to the fact that Government servants, who are natives in malnad, will not enter a village where cholera prevails to obtain information. All the villages named in this report, except Holehonnur, are in an extremely filthy condition with large manure pits in and between houses.

Report No. 779, dated 20th April 1898, from the Civil Surgeon, Shimoga.

In submitting the enclosed letter No. 73 of 17th instant for your information, I have the honor to inform you that I am going this afternoon to Byrankoppa to disinfect the water of the tank used by the people of the village. I shall permanganate the water of the tank at the ghat where people take their water from.

(Enclosure to the above.)

Letter No. 73, dated 17th April 1898, from the Hospital Assistant, Local Fund Dispensary, Kumsi.

I beg to report that I visited the two villages, reported to have been affected by cholera, this morning. In Byrankoppa three died of cholera on the 15th and the 16th instant respectively. Three were affected this morning. After administering cholera tincture, I fumigated sulphur in and around the affected house. I got all the soiled mats, &c., burnt. The people of this village get their supply of water from a tank and so I was not able to dissolve permanganate of potash

in the water used by the villagers. I advised the people to boil the water before they use, which they promised to do. I then left the village, after leaving some cholera pills with the headman of the village, for Gubbur which is at a distance of three furlongs. In this village six were attacked since the 12th instant. Three succumbed to cholera and three recovered. On the 16th, five were affected. The people of this village get their supply of water from the same tank. The relatives of the affected refused to place them under my treatment. The cloths, &c., soiled with vomited matter and bowel discharges have been burnt. Sulphur was burnt in and around the affected house. Instructions regarding the drinking water were given. I returned to my station towards evening.

Letter No. 770, dated 18th April 1898, from the Civil Surgeon, Shimoga.

I have the honor to inform you that, the Hospital Assistant of Kallurkatte informed me in his Nos. 41 and 42, dated 12th April 1898, and 13th April 1898, received on the 14th and 15th April 1898, respectively, that cholera was prevailing in the village called Basavanpura of the Kallurkatte (Nagar) taluk. On the 16th instant I went to the village Basavanpura, which is situated on the right bank of the Kummadvati river, two miles to the south of the Ayanur-Kallurkatte road, at the 1st furlong of its 8th mile.

The village consists of 15 cottages, and the population of the village before the out-break of the disease is said to have been 50. There were 14 deaths in this village since the 7th or 8th of this month, and the first few cases died of bloody evacuations from the bowels, and the others are said to have died of vomiting and purging. During my inspection of the village, I found a man in a state of collapse after vomiting and purging. I gave him treatment, and the other villagers advice regarding the management of a case of cholera, and explained to them the media through which the disease is communicated from man to man, and advised them not to use the stagnant water in the Kummadvati river for drinking purposes but to use the water of a well, which is near the village. I got the water of the well permanganated and I have advised the villagers to use boiled water for drinking purposes and to disinfect the evacuations of the cholera cases with chunam water, and burn the cloths of cholera patients and to disinfect their hands after handling cholera patients; cholera in the villages of the Shimoga taluk has subsided.

No. 14400-9—Mis. 3052, dated Bangalore, 4th May 1898.

Order thereon.—Recorded.

2. The special attention of the Deputy Commissioner is drawn to the unsatisfactory state of things brought to notice by the Civil Surgeon, Shimoga, a copy of whose report, will be forwarded to him for information with a view to the necessary sanitary arrangements being made as promptly as possible. To ensure correct reports being made of deaths from cholera, the Deputy Commissioner should impress on the village officials the importance of furnishing correct and punctual information on the out-break of the epidemic. Advantage can often be taken of the assistance of the police, whose information will serve as a check on the village returns of mortality. It is generally after the out-break of epidemic diseases that steps are taken to enforce sanitation, &c., but the District Officers should take all the necessary precautions previously to prevent the disease, by frequent inspections of the villages and by inducing the villagers to observe cleanliness and to pay particular attention to drainage and conservancy of the water-supply.

Letter No. 9401—302, dated 11th April 1898, from the Inspector General of Education in Mysore, reporting that Ramji Rao, clerk, Government Central Book Depôt, Bangalore, attained the 60th year of his age in December 1897, but that he seems vigorous and able to do his work for some time longer, and enquiring whether, in the interests of younger men waiting for promotion, officials like Ramji Rao, though 60 years old, yet efficient and physically fit to serve, should not, as a rule, be retired on superannuation pension.

No. 14461-96—P. & A. 1175, dated Bangalore, 6th May 1898.

Order thereon.—The attention of the Inspector General is drawn to Rule (1) under Article 307 (*c*) of the Mysore Service Regulations, which makes it clear that the rules do not require the compulsory retirement of any efficient officer of whatever age. By Government Proceedings No. 9050-82--P. & A. 1105, dated 10th February 1897, Heads of Departments were empowered under clause (1) of

Article 309 of the Mysore Service Regulations, to declare any non-gazetted subordinates of their respective Departments who have attained the age of 55 years to be efficient and to permit them to remain in the service for a definite period up to, but not beyond the age of 60 years. Where, as in the present case, the Head of a Department considers that an official, though past the age of 60, is yet efficient and physically fit, he should make a report of the same to Government and obtain their orders. No efficient official should be retired merely to make way for younger men waiting for promotion.

Correspondence ending with letter No. 1808, dated 28th March 1898, from the Chief Engineer of Mysore, with its enclosure, letter No. 723—167, dated 21st idem, from the Sanitary Engineer to the Chief Engineer *in re* the preparation of projects in connection with the improvement of the sanitary condition of the Bangalore city.

(2) Letter No. 224, dated 19th April 1898, from the President, Bangalore City Municipality.

No. 14685-7—MIS. 3098, DATED BANGALORE, 10TH MAY 1898.

ORDER THEREON.—The execution of some important sanitary and special improvement works in the city of Bangalore are held in abeyance owing to the want of a suitable Engineering staff. Some of these works are of an urgent character and such as should be carried out at once in the interests of the health of the city. The Government accordingly resolve to constitute a temporary Public Works Department Division, for the efficient and prompt execution of all special improvement and sanitary works required for the Bangalore city, to be called the "Bangalore Special Improvement Division." The funds for works in this Division will be provided by means of Government grants and by loans to the Municipality.

2. A qualified Executive Engineer will be placed in charge of this Division and the execution of all special works which may be sanctioned from time to time will devolve upon him. Projects for works in this Division will be prepared by both the Sanitary Engineer and by the Executive Engineer in charge, and they should be submitted in due course, with the concurrence and counter-signature of the Municipal President, for the orders of Government. The Executive Engineer will, in the preparation of his projects, take action upon the requisition of the Municipality and be guided generally by the advice of the Sanitary Engineer, so as to prevent any possible clashing with any present or future general schemes under investigation by the latter.

3. The Sanitary Engineer will be instructed to expedite the completion of the Drainage Scheme under preparation and the subordinate establishment necessary for this purpose will at once be sanctioned in the Public Works Department. Meanwhile, he should submit, as quickly as possible, a preliminary report explaining the general lines of the scheme proposed and its probable cost.

4. Mr. D. Ranga Rao, Executive Engineer, on furlough, will be requested to return to duty forthwith, the unexpired portion of his leave being cancelled. He will be posted for charge of the "Bangalore Special Improvements Division" as above constituted. He should proceed at once to carry out the works noted in the margin out of those for which a loan of Rs. 50,000 was sanctioned in Proceedings No. 11301-3—L. F. 89-97, dated 14th March 1898. The execution of these works should not be delayed pending the preparation of the General Drainage Scheme. The plans and estimates already prepared by the Municipal President for opening out lanes, for disposal of Arlepete drainage, &c., should be examined by the Executive Engineer and the Sanitary Engineer in consultation with the President, and, if necessary, they should be revised so as to fit them into the proposed General Drainage Scheme.

1. Opening out conservancy lanes.
2. Sewage scheme for the west portion of the city.

5 In addition to the foregoing provision for Special Improvement Works, a separate Municipal Engineer is required for charge of the ordinary municipal works in the city. The appointment has been vacant for some time. The Government sanction the appointment of Ex-Overseer, P. C. Chengalvaraya Naidu, as

Municipal Engineer, on probation, on a salary of Rs. 100 to start with. The President will report upon his work at the end of six months, when final orders will be passed.

6. The Deputy Commissioner, Bangalore, is requested to depute a competent officer to settle compensation for acquisition of lands and houses required by the President.

7. The Government hope that, with the arrangements above sanctioned, the President will be able to cause the expeditious and efficient execution of all important works within the Bangalore city.

"I have the honor to forward herewith letter (to be obligingly returned) No. 3852—405, dated 28th April 1898, together with its enclosures from the Inspector General of Police in Mysore, regarding the additional police establishment required for the proper carrying out of plague preventive measures in the Bowringpet taluk and the Kolar Gold Fields.

2. It will be seen from the memo of the Superintendent of Police, Kolar Gold Fields, dated 9th February 1898, that the one Head Constable, two daffadars and 24 constables sanctioned in Government Proceedings No. 7846-58—Mis. F. 21-96, dated 10th January 1898, have been fully utilized, and that the men from the Kolar Gold Fields Police have also been drawn for plague work.

3. The Superintendent of Police proposes an additional establishment of four Head Constables and 24 constables for duty at the plague and segregation camps at Bowringpet and the Gold Fields and the grant of a local allowance of Rs. 5 each to two of the existing Head Constables who will have to do plague duty at the frontier, and the Deputy Commissioner supports these proposals and submits them for sanction.

4. Under these circumstances I beg that Government may be pleased to accord early sanction to the entertainment of two Head Constables at Rs. 30+10 each, 12 constables at Rs. 8+4 each and 12 constables at Rs. 7+4 and a local allowance of Rs. 5 to each of the two existing Head Constables on plague duty at the frontier costing in all Rs. 320 per mensem."

No. 14773-75—Mis. F. 21-96, DATED BANGALORE, 12TH MAY 1898.

ORDER THEREON.—The employment of the additional police establishment applied for is sanctioned as a temporary measure. It is noted that the total cost of this establishment is Rs. 366 per mensem and not Rs. 320 as stated in the letter read above.

Letter No. 1159—500, dated 5th May 1898, from the Plague Commissioner in Mysore

"I have the honor to forward herewith copy of the marginally noted letter together with its enclosures from the Inspector General of Police, submitting the following proposals made by the Superintendent of Police, Bangalore district, for additional police establishment required for the Bangalore district and the city for the proper carrying out of the plague preventive measures.

No. 3808—395, dated 26th April 1898.

The Superintendent of Police asks for:—

(*a*) One Inspector of the 2nd or 3rd grade to be exclusively in charge of all the police on plague duty in the district.

(*b*) One first grade Head Constable on Rs. 25+5 for duty at segregation camp, Magadi road.

(*c*) Twenty-six 1st class constables to watch the thirteen burial grounds and burning ghats, Bangalore city.

(*d*) Six 1st class constables for duty under the Health Officer.

(*e*) Two 1st class constables for duty under the Medical Officer at Yesvantapur.

(*f*) Six female servants at Rs. 10 each to assist the police in examining passengers by road

(*g*) The promotion of the dafadar on duty at Vartur to the rank of jamadar to increase his prestige and sense of responsibility.

(*h*) Seven 1st class constables for duty at the railway stations at Kengeri, Bidadi, Closepet, Channapatna, Mudgere, Kadgodi and Devankondi.

N. B.—(*c d e*). Of these 13 constables for duty at the burial grounds, 6 for duty under the Assistant Health Officer and 2 for duty under the Inspecting Medical Officer, Yesvantapur, or 21 in all have already been deputed for duty and as they have been lent from the regular force allotted for the city, sanction to the appointment of substitutes in the place of these 21 men is urgently necessary.

In recommending these proposals the Inspector General of Police states that of them (*b*) the "sanction to the appointment of a Head Constable on Rs. 25+5 with retrospective effect from January 27th, the date on which he was appointed in anticipation of sanction," and (*d*) "sanction to the appointment of substitutes in place of the twenty-one men already lent for plague duty, [*i. e.*, thirteen to guard the burial grounds, six to work under the Assistant Health Officer, two to work under the Inspecting Medical Officer at Yesvantapur] are most urgently necessary and I would therefore strongly recommend the sanction applied for being granted, as also the appointment of the additional thirteen men for watching the burial grounds asked for (*vide c*).

As regards the remaining additional establishment asked for I am of opinion that no sufficient necessity exists at present for the appointment of the additional Inspector asked for (*a*) or for the six female servants (*f*) or for the promotion of the dafadar at Vartur to jamadar.

As regards (*h*) "seven additional constables for duty at the railway stations," the Inspector General in a separate communication, (letter No. 3797—394, dated 25th April 1898) has stated that these have been deputed for duty and that substitutes have been appointed on the Plague Commissioner's instructions in their place. The correspondence on this subject I am forwarding separately to you with a request that the appointment of the substitutes may be sanctioned.

Finally, as regards the Inspector General's opinion that the charge of the twenty-six constables for duty at the burial grounds should be borne by the municipality, I consider that though the correct registration of deaths is undoubtedly a municipal duty, it is doubtful whether the cost of police, needed as a plague preventive measure to watch the burial grounds, to guard against secret burials and the concealment of deaths can, with absolute fairness, be made chargeable to the municipality."

No. 14911-13—Mis. F. 21-96, DATED BANGALORE, THE 14TH MAY 1898.

ORDER THEREON.—The temporary employment of the additional police establishment applied for is sanctioned, the total cost of the same being Rs. 392 per mensem.

The Inspector General of Police is requested to intimate to the Comptroller the date of entertainment of the additional establishment.

In submitting herewith the Chitaldrug Sub-Registrar's report No. 21, dated 25th ultimo, together with its enclosure, a deed of conveyance purporting to have been presented before him for registration by Mr. Krishna Rao, Advocate, I have the honor to state that the deed in question has been executed by one C. V. Bhima Rao of Chitaldrug in favor of the said Mr. Krishna Rao, Advocate, conveying his house at Chitaldrug to the latter for Rs. 255. The document has been drawn up on a stamp paper of Rs. 3 as per rules.

2. A clause has been inserted in the document that the sale is subject to the mortgage of the house made to Mr. Pleader Seshagiri Rao and that the amount of mortgage should be paid by the vendee, but the amount for which the house has been mortgaged is not mentioned in the instrument.

3. I beg to solicit the instructions of Government as to whether the stamp duty should be levied on Rs. 255 mentioned in the document plus the amount for which the house has been mortgaged to Mr. Seshagiri Rao and which the purchaser has now to liquidate, or only upon the sum of Rs. 255 which is the price paid in cash to the seller by Mr. Krishna Rao.

(2) Letter No. 5564—168, dated the 14th April 1898, from the Registrar of the Chief Court of Mysore, forwarding copy of the opinion of the Judges of the Chief Court on the subject.

"As the Vendee undertakes the liability to pay the mortgage debt, this amount is clearly part of the consideration and must be taken into account in fixing the stamp duty to which the document is liable."

READ—

Letter No. 117, dated the 12th August 1896, from the Inspector General of Registration in Mysore—

I have the honor to state that while checking the Index sheets received in this office from the District Registrar of Shimoga, it was observed that document (copy submitted) registered as No. 212 in the Channagiri taluk Sub-Registry office, had been insufficiently stamped. Thereupon I issued orders to the District Registrar to cause the same to be impounded and sent to the Collector for adjudication of stamp duty leviable thereon.

2. Accordingly the document was forwarded to the then Deputy Commissioner of Shimoga district, Mr. Raghunatha Rao, who has returned it to the Sub-Registrar of Channagiri with a certificate that the document is only a deed of settlement, and that it has been rightly stamped.

3. From the enclosed translation of the document under reference it will be seen that the executant Rangachar transferred all his immovable properties valued at Rs. 350 to his two relatives subject to the condition of their paying him an allowance of Rs. 3 monthly or Rs. 36 annually during his lifetime. It is thus clear that the document cannot be a deed of settlement as defined in clause 19, Section 3 of the Stamp Act. It is either an instrument of gift or a deed of conveyance executed to secure an annuity. In the former case it is liable to a stamp duty of Rs. 4 under Article 36, Schedule I, and in the latter, to Rs. 5 under Section 25, clause (c) of the Stamp Act. Thus in either case the present stamp of Rs. 2 which the document bears is insufficient.

4. In a similar case of the transfer of property to a relative on condition of transferer being provided for life, the Board of Revenue, Madras, held in their Proceedings No. 377, dated 3rd March 1881, that the document is an instrument of gift. (*Vide* page 123, Lexicon in the Presidential Stamp Manual by Ponnusawmy Chetty.)

5. In these circumstances I beg to submit the question for the orders of Government, and if they agree with me in considering that the document under reference is chargeable with a higher stamp duty they may be pleased to refer the case for the decision of the Judges of the Chief Court under Section 46 of the Indian Stamp Act I of 1879.

---

2. Letter No. 5564—168, dated the 14th April 1898, from the Registrar of the Chief Court of Mysore, forwarding copy of the opinion of the Judges of the Chief Court on the subject.

"We agree with the Government in the opinion that the document is not a "Deed of settlement," as defined in Section 3 (19) of the Stamp Act. Nor is it a "Conveyance," which means an instrument by which property is transferred "on sale." See Section 3 (9).

The document is in our opinion a "Release," falling under Article 54 of Schedule I of the Act. It is on all fours with the document considered by the Bombay High Court in I. L. R. 9, Bombay, 417. The decision in which case is in our opinion correct. Cf. also I. L. R. 18, Madras, 233.

The value of the property being as stated in the document Rs. 350, it is sufficiently stamped under that Article read with Article 13."

Letter No. 729, dated 11th May 1898, from the Deputy Commissioner, Kadur district.

With reference to Government Proceedings No. S433-37—Mis. 1679, dated 21st January 1898, sanctioning the levy of tolls on the bridges at Hariharpur and Balehonnur from the beginning of 1898-99, I have the honor to state that, as directed in para 2 of the above order, a Notification stating that tolls will be levied at the rates sanctioned by Government, on carriages, carts and animals passing on the bridges over the Tunga at *Hariharpur* and the Bhadra at *Balehonnur*, from and after the 1st day of July 1898, at the respective bridges, by persons authorized by Government, has been sent to the Compiler for publication in the *Gazette*.

2. As regards the question as to who should be entrusted with the work of collection, I beg to point out that the Sayer establishment at the two above places, cannot be conveniently employed for the purpose of toll collection, as they have to be constantly away on Sayer inspection, &c.

3. The toll collection work would require an establishment, whatever it is, to be *constantly* on the spot. Under these circumstances I would respectfully suggest the employment of a *separate* small establishment, and would solicit the sanction of Government to the entertainment from 1st July 1898, temporarily, of the men noted in the margin at a cost of Rs. 50 per month.

4. I would also propose that a security should be taken from the mutsaddi of Rs. 150, and to require the mutsaddi, as in the case of sayer collection, to remit money to the Taluk Cutcherry as often as collections equal the amount of his security during the month; or once at the end of each month when the collection falls short of the security amount. The mutsaddi should invariably render the daily account of such collection to the Taluk office under pain of fine for default.

5. As sanctioned for sayer kattes in Proceedings No. 1737-45—R. 572, dated 13th August 1897, I would also recommend the supply of "Kodas" (copper vessels) for securing the toll collections in, to be worked on the same lines as in sayer kattes. Sanction is requested to purchase those vessels.

6. The mutsaddi and the watchers at each of the bridge tolls, would require a house near the respective bridges for their accommodation. Orders have been issued to the Amildars to submit estimates for constructing temporary sheds and gates for the tolls, and I request permission to start this work in anticipation of sanction of estimates, which will be duly submitted.

7. Early orders of Government are solicited on the different questions submitted.

No. 15462-63—Mis. 3261, DATED BANGALORE, 26TH MAY 1898.

ORDER THEREON.—As the Deputy Commissioner reports that the Sayer establishments at Hariharpur and Balehonnur cannot conveniently be employed for the purpose of collecting tolls at the bridges there, his proposal to employ a separate establishment from 1st July 1898, as noted in the margin at a cost of Rs. 50 a month, is sanctioned temporarily until further orders.

2. Government further approve of the Deputy Commissioner's proposals to demand from the mutsaddis a security of Rs. 150 each and to require them, as in the case of sayer collections, (1) to remit the collections to the Taluk Treasury as often as they may equal the amount of the security or once at the end of every month, when the collections fall below the security amount, and (2) to render a daily account of such collections to the taluk under pain of fine for default.

3. Sanction is also accorded to the purchase of *kodas* or copper vessels for securing the toll collections The instructions conveyed in para 4 of Government Proceedings No. 1737-45—R. 572, dated 13th August 1897, should be followed.

4. The construction of the temporary sheds and gates for the tolls is approved and the estimates promised are awaited.

I am directed to forward copy of a letter No. O. C. 2 No. 1—3101, dated the 29th ultimo, from the Post Master General, Madras, regarding a very large quantity of books and forms posted by the Deputy Commissioner, the Assistant Superintendent of Police and the Executive Engineer of the Shimoga district.

2. Colonel Robertson agrees with the Post Master General that to use the Post Office for the transport of such an inordinate amount of forms and stationery constitutes an abuse of the facilities which the Post Office affords The practice moreover appears to contravene the object with which the Durbar's orders of March 1892 (quoted by Mr. Curtis) were issued.

3. It is obvious that, with a service of runners, if the Post Office is used for the transport of heavy forms, the ordinary Mail Service must suffer and considerable inconvenience will be felt by the Durbar and the public alike. The Resident will be glad to hear what orders are passed by the Durbar upon this reference from the Post Master General.

(Enclosure to the above.)

Copy of letter No. O. C. 2 No. 1—3101, dated Madras, the 29th April 1898, from the Post Master General, Madras, to the Resident, Mysore.

Adverting to the Proceedings of the Government of Mysore ending with their Circular No. 14475-514-Cir. 216, dated 10th March 1892, on the subject of the improper use of the Post Office for the transmission of heavy packages of forms and stationery, I have the honor to bring to your notice that the Post Master, Shimoga, reports that there are at the present moment in his office over two cart-loads of books and forms weighing in the *aggregate more than a ton* which have been posted "On Mysore Government Service" by the local Deputy Commissioner, the Assistant Superintendent of Police and the Executive Engineer for distribution in various directions. I need hardly point out that the Post Office cannot undertake the transmission of such masses of paper. The task would not be a difficult one if the parcels could be sent by railway, but in a place like Shimoga where postal communication is mainly by runners it becomes an absolute impossibility, and the result of attempting to throw it on to the Post Office is that the Mail Service becomes disorganized and very serious inconvenience caused. The Post Office will and does, I am informed, undertake the transmission of small quantities of forms required for emergent use, but it is not a carrying agency and does not possess the organization necessary for the moving of articles of such great bulk and weight.

2. I would ask, therefore, that you will be so good as to bring the matter to the notice of the Durbar and to request them to issue instructions that the forms and stationery above mentioned should be removed from the Shimoga office and that in future consignments of such articles should be limited to small amounts which are urgently required and which can be forwarded by runners without delay to the rest of the mail.

No. 15626-61—Mis. 3796, DATED BANGALORE, 30TH MAY 1898.

ORDER THEREON.—Copies of the letter read above and of its enclosure will be forwarded to the Deputy Commissioner of Shimoga, the Inspector General of Police, and the Chief Engineer, with a request that they will be so good as to draw the attention of the officers concerned to the rules and orders on the subject, and to impress upon them the necessity for strictly conforming to the same and to the suggestions made by the Post Master General.

2. A report of the circumstances under which the heavy packages in question were sent to the Post Office should be submitted to Government; and the packages themselves removed from the Post Office without delay as suggested by the Post Master General, and other arrangements made for their transmission.

Letter No. 9769—308, dated 21st April 1898, from the Inspector General of Education in Mysore, on the subject of amending para 5 of the Inter-School Rules so as to provide for the keeping of a register or counterfoils of Leaving Certificates given in each school.

Letter No. 306, dated 17th May, 1898, from the Principal, Central College, Bangalore, on the same subject.

No. 15444-47—Ed. 409, dated Bangalore, 26th May 1898.

Order thereon.—The Inspector General proposes that the following words be added to para 5 of the Inter-School Rules :—

"The Headmaster shall file among his records counterfoils attested by himself of all Leaving Certificates issued by him." He submits a specimen copy of the counterfoil form to be used and suggests that these forms may be bound by the Head Master in book form or that books of 100 or 200 forms may be bound and supplied free of cost to all Government schools and sold at cost price at the Central Book Depôt to all other institutions.

2. The Principal, Central College, Bangalore, is also of opinion that it is most desirable to maintain such counterfoils of Leaving Certificates in each school, and states that he has been keeping such counterfoils in the Central College for some years.

3. Under these circumstances Government are pleased to approve of the recommendation made by the Inspector General. The forms (copy of which is appended) may be bound at the Government Press and supplied to all Government schools free of cost and sold to all other institutions at cost price.

Correspondence ending with docket No. 9255—296, dated 5th April 1898, from the Inspector General of Education in Mysore, regarding the conversion of the private Hindu Girls' School at Chikmagalur into a Government institution.

No. 15455-56—ED. 416, DATED BANGALORE, 26TH MAY 1898.

ORDER THEREON.—The Hindu Girls' School at Chikmagalur, which was opened in December 1896, has till now been maintained from private subscriptions and managed by a Committee consisting of the marginally noted gentlemen. The towns-people have long been praying for the conversion of the school into a Government institution. The Inspector General of Education, who inspected the school in June 1897, reports that the school is well attended and deserves to be made a Government institution and recommends that the marginally noted establishment may be sanctioned for the school.

Letter No. 10120—320, dated 27th April 1898, from the Inspector General of Education in Mysore, forwarding Mr. Weir's recommendation for a special grant of £60 for the formation of a library of historical works in His Highness the Maharaja's College, Mysore, for the use of candidates studying for the M. A. Degree Examination.

D. O. Correspondence on the subject.

No. 15442-43—Ed. 408, DATED BANGALORE, 27TH MAY 1898.

ORDER THEREON.—Government are of opinion that if help is to be given to candidates desirous of studying for the M. A. Degree Examination by the supply of books, it should be given to the students of both the 1st Grade Colleges in the State and should be extended to all the branches taught therein. The number of M. A. students will always be very small, while the cost of forming really good libraries, if at all complete for the purpose for which they are required, will be considerable. Under these circumstances the grant of special scholarships to a select few undertaking to proceed to Madras and to prosecute their studies with such advice and assistance as may be available in the Colleges thereat would, it seems to Government, be a better form of help than the purchase of a costly collection of books, and would further ensure the students concerned going through the full course and appearing for the examination, instead of giving it up after a short attempt. The matter will be further considered on receipt of certain information which the Government are trying to obtain from Madras. In the meantime, Government desire to be favored with the views of the Inspector General on the question of affording encouragement by the grant of scholarships.

Proceedings of the Government of Mysore

READ :—

Letter No. 826, dated 16th April 1898, from the Inspector General of Registration in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. Camp 1115-24, dated 22nd January 1892, observing that the Special Sub-Registry offices in the province may be divided into three grades according to the heaviness of the work performed therein and that an office may be ranked as a first grade one when the number of registrations therein comes up to 1,200 and upwards, and as second grade when the number reaches 800 and more, I have the honor to request that the Sub-Registry offices at (1) Bangalore City, (2) Bangalore Taluk, (3) Channapatna, (4) Seringapatam and (5) Chamrajnagar, which are at present of the 2nd grade may be raised to the 1st grade as the number of registrations in each of these offices exceeds 1,200 a year; and that the present 3rd grade Sub-Registry offices at (1) Krishnarajpete, (2) Malvalli and (3) Tiptur may also be similarly raised to the 2nd grade as the number of annual registrations in these offices exceeds 800.

2. The total number of registrations, the annual receipts, the expenditure and the surplus annually credited to Government from each of the above offices are given in the subjoined statement :—

No.	Name of Sub-Registry office.	Number of registrations.		Receipts.		Present establishment charges including the pay of the Sub-Registrars.		Remarks.
		1895-96.	1896-97.	1895-96.	1896-97.			
				Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
Group A.	Bangalore City ...	1,991	2,007	5,554 8 0	7,031 2 0	1,452 0 0	5,029 2 0	Present 2nd grade offices proposed to be raised to the 1st grade.
	Bangalore Taluk ...	1,443	1,284	2,504 4 0	2,540 8 0	1,245 0 0	1,592 8 0	
	Channapatna ...	1,529	1,490	2,465 6 0	2,393 5 10	1,020 0 0	1,373 5 10	
	Seringapatam ...	1,388	1,405	3,818 0 0	3,760 8 0	1,020 0 0	2,749 8 0	
	Chamrajnagar ...	1,610	1,718	2,685 6 0	3,038 14 0	1,020 0 0	2,018 14 0	
Group B.	Krishnarajpete ...	1,006	1,188	1,901 0 6	2,113 0 0	732 0 0	1,321 0 0	Present 3rd grade offices proposed to be raised to the 2nd grade.
	Malvalli ...	977	996	1,464 10 0	1,405 8 0	792 0 0	613 8 0	
	Tiptur ...	965	984	1,732 14 0	1,835 12 0	792 0 0	1,043 12 0	

From the above statement, it will be seen that the number of registrations in each of the five offices of the 2nd grade (Group A) considerably exceeds that required to raise them to the 1st grade and that each of the three offices of the 3rd grade (Group B) annually registers over 800 documents, the number expected of a 2nd grade office. As regards the receipts realized in each of these offices, it will be observed that, even after deducting therefrom the charges of an office of the next higher grade they will yield a clear surplus of from 25 to 70 per cent in favor of the Department. I therefore beg to request that the Government will be pleased to accord their sanction to all the aforesaid offices being now raised to their next higher grade as early as possible. A Table showing the present and proposed scale of charges in connection with these offices is also submitted herewith.

3. I may here add that in the Madras Presidency every Sub-Registrar gets a certain percentage of the fee collections of his office as commission in addition to his fixed salary; and under this system even the Sub-Registrar of the very last grade there earns an income of not less than Rs. 50 a month. But here, the Sub-Registrars are allowed no such commission in addition to their salary, neither is there any frequent chance of their securing any suitable promotion in the limited sphere of this Department. The only incentive therefore for their discharging the increasing work with zeal and efficiency will be to raise the grade of the offices concerned, whenever such a step is justified both by the number of registrations and by the revenue realized therein.

No. 14319-20—J. 1478, DATED BANGALORE, 3RD MAY 1898.

ORDER THEREON.—In the above, the Inspector General recommends that the Sub-Registry offices for the Bangalore city, the Bangalore taluk, Channapatna, Seringapatam and Chamrajnagar, be raised from the 2nd to the 1st class of offices provided for in Government Proceedings No. Camp 1115-24, dated 22nd January 1892, and that the Sub-Registry offices at Krishnarajpete, Malvalli and Tiptur be raised from the 3rd to the 2nd class, as the number of registrations in each of the offices named exceeds the number laid down in the Proceedings quoted above, and the realizations leave a considerable surplus over expenditure.

Under these circumstances, Government are pleased to sanction the Inspector General's proposals, with effect from 1st May 1898.

2. *I Octroi.*—The increase expected under this head in the budget of Chikballapur is based upon the actuals of 1896-97, and probable collections of 1897-98. The estimate is passed. The attention of the President is drawn to para 2 of each of the Government Proceedings Nos. 1038-42—L. F. 129-92 and 1194-99—L. F. 279-96, dated 20th July 1896 and 22nd July 1897, respectively, and he is requested to state what action, if any, has been taken to enforce stricter supervision over collections and to submit definite proposals for improving the revenue from this source.

3. *VII Mohatarfa (b) Loom tax.*—The omission of estimates under this head is due to the abolition of this tax with effect from 1st July 1897. It should be explained however whether there were no arrears of 1896-97 and previous years remaining to be collected in any of the municipalities in the district, and, if so, why the amount thereof has not been shown in the present budgets.

4. *VIII Rents.*—The increases estimated under this head are expected from rents or fees to be collected from the slaughter-house in Kolar and the market in Chintamani. As these are justified by the probable collections of 1897-98, the estimates are approved.

5. *X Miscellaneous.*—The decrease under "(a) Sale of houses and lands" in the budget of Siddlaghatta is due to the absence of demand for building sites in the town. The estimate is sanctioned.

2. Srinivaspur ...	46	..
3. Mulbagal ...	..	171
4. Chikballapur ...	50	...

6. *X Miscellaneous (m) Contributions.*—The variations under this head, which are noted in the margin, have not been explained. The omission should be supplied. Pending information, the estimates will be retained.

EXPENDITURE.

7. *II Head Office.*—The usual provision under this head will be allowed to stand, pending the issue of final orders on the question of the revision of the establishments attached to the District office now pending before Government.

8. *IV Conservancy.*—In Bagepalli the services of a daroga on Rs. 7 per mensem are proposed to be done away with, while in Goribidnur a wheel barrow and an iron tub are proposed to be purchased at an increased cost of Rs. 40. These account for the variations in the provision under this head which is approved.

		Rs.
1. Kolar ...	Road repairs	1,000

	Butchers' stalls	2,000
	Compensation	1,000

9. *VIII Public works.*—The provisions for made public works, of which those costing Rs. 500 and upwards are given in the margin are passed.

10. *IX Charitable Grants.*—In accordance with Government Proceedings No. 7476-8—L. F. 315-96, dated 4th January 1898, diminished provisions have been made in the present budgets for the salaries of compounders attached to the Local Fund Dispensaries of Bowringpet and Chikballapur. With reference to the provision made in the budget of Bowringpet of Rs. 8 per mensem for the salary of waterman of the Bowringpet Dispensary, it is observed that the District Fund Budget provides only Rs. 6 per mensem. The necessity for an increased provision in this budget requires explanation, pending which the provision will be retained.

11. *XI Miscellaneous.*—Provisions made in the budgets of Kolar and Chintamani for repayment of loans made to these municipalities will be retained, subject

to the submission by the Comptroller of a statement showing the amounts payable by each municipality during 1898-99, both on account of interest and principal.

12. The budget estimates of receipts and expenditure of the several municipalities in the Kolar district for 1898-99 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—

No.	Municipalities.	Opening balance.	Estimated receipts.	Total including balance	Estimated expenditure.	Closing balance.

	Total ...	36,412	36,924	73,336	50,228	23,108

13. It is observed that in several municipalities the closing balances are largely in excess of the prescribed minimum. It is a matter for consideration whether a portion thereof cannot usefully be spent upon the improvement of the sanitation of the towns concerned.

RECEIPTS.

(2) *I. Octroi.*—The reduced estimate of Rs. 200 against Rs. 300 under cocoanuts in the budget of the Chitaldrug Municipality, is based upon the actuals of 1896-97 and probable collections of 1897-98. The estimate is passed. The fresh estimate of Rs. 600 entered in the budget of the Molakalmuru Municipality under the sub-head "VII Cloth" is expected to be realized by the taxation of cloth now under the contemplation of the Municipal Board. This will be retained, pending the submission of a separate reference in regard to the introduction of octroi on cloth into the said municipality. Increases are expected from cloth in most of the towns, where goods manufactured within their respective limits are proposed to be subjected to Octroi duty. As under Government Proceedings No. 11784-92—L. F. 83-97, dated 19th March 1898, the practice of taxing the locally manufactured piece-goods was ordered to be discontinued, the increases proposed will be disallowed, and the sanctioned estimates for 1897-98 will be repeated in the present budgets.

(3) *VII. Mohatarfa (a) Shop Tax.*—The increases expected under this head in the budgets of Chitaldrug and Hosdurga Municipalities are based upon the jamabandi figures and are allowed.

(4) *VII. Mohatarfa (b) Loom Tax.*—No estimates are proposed under this head, as the loom tax was abolished throughout the State in Government Proceedings No. 1711-21—L. F. 100-96, dated 11th July 1897.

(5) *VIII. Rents.*—The source from which a sum of Rs. 20 is newly expected from lands in Hiriyur and the cause of decrease of revenue from gardens in the Chitaldrug Municipality, should be explained. Meanwhile the estimates will stand.

(6) *X. Miscellaneous.*—The budget of the Hiriyur Municipality does not provide for the contribution payable from Provincial Funds towards the cost of maintenance of Provincial roads within the town, while under Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1895, a sum of Rs. 188-8-4 ought to have been entered on this account. The omission should be explained. Pending information, the estimate will stand. The main item of increase (Rs. 1,000) under this head is expected from the sale of jali trees behind Timmanaikankere tank. The estimate is approved.

EXPENDITURE.

(7) *II. Head Office.*—The provision under this head will be retained, pending the issue of final orders on the proposed revision of establishments of the Municipal Branch of the District office.

(8) *III. Collection.*—The marginally noted increases are provided in the budgets of Chitaldrug, Davangere, Harihar and Challakere Municipalities for the collection of Octroi duties. The authority sanctioning each of these increases should be quoted and if sanction of Government has not yet been obtained in all or any of these cases, a separate reference showing the necessity for each item should be submitted and special sanction of Government obtained. Meanwhile, the provisions will stand. As no provision has been made in the budget of the Molakalmuru Municipality, where Octroi on cloth is proposed to be introduced, it should be explained by whom the duty is to be collected and whether no remuneration is payable for such collection.

		Rs.
1. Chitaldrug—Increase to Manegar's pay from Rs. 10 to 12	... ...	24
2. Davangere— Ditto Mutsaddi Rs. 10 to 15	... ...	60
3. Harihar— Ditto Rs. 10 to 12		24
4. Challakere 1 Kolker on Rs. 6 per mensem	... ...	72

(9) *IV. Conservancy.*—The present budgets provide for the following increases on account of conservancy charges—

Name of Municipality.	Description of item.	Increase proposed. Rs.
Chitaldrug ...	(1) Overseer. Increase of pay from Rs. 20 to 25 ...	60
	(2) Dafadar Rs. 7 to 8	12
Davangere ...	(3) Scavenger sanctioned in Government Proceedings No. 6653-51—L. F. 286-96, dated 9th December 1897	96

Jagalur ...	(9) 4 additional sweepers on Rs. 3 each per mensem, sanctioned in Government Proceedings No. 7615-4—L. F. 286-96, dated 6th January 1898 ...	144
Begur ...	(10) Allowance to Mutsaddi at Hosdurga for Municipal work	24

(10) It is observed that in no case has the order of Government sanctioning increases been quoted in the remarks column of the budget Statement III. But a reference to this office file shows that only three of the above items have received the previous sanction of Government, and not the others. The provisions will be retained, but the President is requested to submit for sanction a separate reference showing the necessity for each of these, and to see that in future no increase or new item which has not been previously sanctioned by Government, is entered in the annual budgets, and that against each sanctioned increase or new item, the authority of Government sanctioning the same is invariably quoted in the budge statement.

(11) *VII. Lighting.*—No details showing the number of existing lamps and the cost of lighting or the number and cost of new lamps to be purchased, have been given in any of the budgets except that of Hosdurga. The omission should be supplied at once. Pending information, the provisions will stand.

(12) *VIII. Public Works* (*a*) *Supervision.*—As the provisions made under this head do not correctly represent ten per cent of the cost of works, they will be slightly modified as shown in the margin.

Provision for works.		Supervision charges. As proposed.	As sanctioned.
1. Harihar	... 900	100	90

(13) *VIII. P. W.* (*b*) *to* (*o*) *Works*—The provisions made for Public Works, of which those costing Rs. 500 and above are given below, are sanctioned:—

		Rs.
(1)	Chitaldrug—	
	(*b*) Roads, original	750
	(*d*) Drains, original	1,500
	(*h*) Other works, original	600
	(*l*) Ditto repairs	1,500
(2)	Davangere—	
	(*b*) Roads, original	2,500
	(*c*) Road repairs	500
	(*d*) Drains, original	1,000
	(*e*) Drain repairs	900

(14) *XI. Miscellaneous* (*a*) *Repayment of Loan.*—The provisions made under this head in the budgets of Chitaldrug, Davangere, Harihar and Holalkere Municipalities will be retained, pending the submission by the Comptroller of a statement showing the principal and interest payable by each of these municipalities in re-payment of loan advanced to it from the Sanitary Budget.

(15) **XI.** *Miscellaneous* (*c*) *Cattle pounds.*—Under this head, provisions have been made for a pound-keeper for Davangere on Rs. 8 per mensem and for a monthly increase of Rs. 2 to the pound-keeper at Chitaldrug. The former item, which was sanctioned in Proceedings No. 6707-8—L. F. 286-96, dated 10th December 1897, is passed and the latter item retained in the budget, pending orders on a separate refeconce which should be submitted in regard to the necessity for the same.

(16) The other items call for no remarks and are passed.

(17) The budget estimates of the several municipalities of the Chitaldrug district for 1898-99 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

Collections including remissions ...	1896-97 ..	3,31,466	4,60,152	2,91,817	1,71,251	28,49,389
	1897-98 ...	3,60,467	4,50,718	3,28,203	1,85,342	29,26,370
Balance ...	1896-97 ..	1,18,865	2,22,955	1,45,667	25,351	7,64,665
	1897-98 ..	1,26,910	1,90,148	1,35,213	17,766	8,19,299

2. There is a decrease of Rs. 20,259 and Rs. 5,880, under "Current demand", in the Shimoga and Kadur districts as shown in the margin. The Deputy Commissioner, Shimoga district, states in the return of estimated jamabandi that the falling off is due chiefly to the reduction of one-fourth assessment on supari garden lands in the Sagar taluk on the authority of Government Order No. 6297-9—R. F. 44-92, dated 13th December 1897. The decrease in the Kadur district is reported to be due to the receipt of smaller number of darkhasts for coffee and other lands during the year. In the Mysore district the falling off of Rs. 16,395 under "Total demand" is on account of the arrears at the beginning of the year having been less than the outstanding balance at the commencement of the previous year.

District.	Last year.	Current year.	Decrease.
Shimoga ...	5,34,253	5,13,994	20,259
Kadur ..	3,82,748	3,76,868	5,880

3. The percentage of balance to the entire demand was as follows:—

Districts.	1896-97.	1897-98.
Kolar	20·29	34·53
Shimoga	32·64	29·67
Kadur	34·31	29·17
Hassan	26·07	26·04
Mysore	13·55	12·63
Bangalore	13·68	10·21
Tumkur	14·56	10·02
Chitaldrug	12·89	8·74

The figures against the Kolar district are not quite satisfactory.

4. The collections as shown by the Deputy Commissioners differ from the figures given by the Comptroller in the statement of ten days' land revenue collections to the extent noted below:—

Districts.	As per Deputy Commissioners' returns.	As per Comptroller's return.	Difference.
Kolar	3,60,209	3,60,507	—398
Shimoga	4,50,294	4,50,266	+28
Kadur	3,27,739	3,27,649	+90
Chitaldrug	1,83,213	1,83,540	—327

These differences should be adjusted as early as possible in communication with the Comptroller, if necessary.

5. The particulars of balance called for in Government Proceedings No. 1167-74—R. 413, dated 25th July 1895, have not been furnished by the Deputy Commissioners of Mysore, Shimoga and Chitaldrug. These should be shown in future returns. In drawing the attention of the Deputy Commissioners to para 7 of Government Proceedings No. 4860-68—R. 1563, dated 4th December 1897, they are again requested to see that the balances shown in these returns correspond with the actual arrears outstanding against each raiyat as per village accounts and, after satisfying themselves on the point, to add a note in future returns to the effect that the balances have been properly verified. If there are any differences they must be fully explained.

6. The balances outstanding are very heavy in the Shimoga, Kolar, Kadur, Hassan and Mysore districts. The attention of these Deputy Commissioners is drawn to this office No. 9553-60—Fl. 937, dated 1st April 1898, and they are again requested to use their special endeavours to see to the prompt collection of all recoverable arrears so as to leave as little uncollected as possible on the 30th June 1898.

2. *Sayer.*—Under this head there is a large decrease of Rs. 25,503 under demand in the Tumkur district. This falling off is reported by the Deputy Commissioner in the statement of estimated jamabandi to be mostly due to decrease in the production and distribution of supari.

3. *Mohatarfa.*—The arrears at the end of the period under review were heavy in the Mysore, Kolar, Bangalore and Shimoga districts, being Rs. 10,131, Rs 5,835, Rs. 4,745 and Rs. 3,275, respectively. It is hoped that suitable measures are being adopted for their prompt recovery.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.

No. 10570-7—R. F. 52-96, DATED BANGALORE, 3RD MAY 1898.

CIRCULAR ORDER.—The attention of the Deputy Commissioners of Districts is again drawn to Government Orders Nos. Camp 1612-41, dated 1st March 1887, and 3243-50—R. F. 52-96, dated 22nd September 1896, and they are requested to see that all applications and recommendations for either privilege leave under Article 188 or casual leave under Article 172 are invariably accompanied by a certificate from the Comptroller, shewing the period of privilege leave to which the officers concerned are entitled, as in the absence of such certificates Government do not find it possible to pass orders in such cases. The practice which at present largely prevails of applications being sent up with a report that the Comptroller's certificate has been applied for and will be submitted on receipt should be discontinued. This order does not of course apply to short casual leave for periods not exceeding five days, in which latter case it is sufficient if the nature of the urgency is briefly inserted in the application.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Shimoga District, with reference to his No. 1206—998, dated 27th April 1898.
The Deputy Commissioners of other Districts for information and guidance.
All heads of Departments.

2. The total collections for the period under review exhibit a net increase of Rs. 2,76,780-1-10 notwithstanding a net decrease of Rs. 873-0-0, Rs. 50,501-9-2 and Rs. 14,094-1-8 in the Hassan, Shimoga and Chitaldrug districts, respectively. The decrease is heavy in the following taluks :—

District.	Taluk.	Amount of decrease. Rs. a. p.
Kolar	Chintamani	39,768 5 6
	Sidlaghatta	7,338 4 6
	Bowringpet	2,139 8 6
Tumkur	Chiknayakanhalli	4,361 9 4
	Kunigal	3,935 11 0
Mysore	Hunsur	6,835 9 5
	Heggaddevankote	5,878 9 6
	Gundlupet	2,310 10 10
	Mandya	7,647 10 3
	Krishnarajpete	24,311 1 6
Hassan	Manjarabad	7,357 14 4
	Belur	6,535 6 4
Shimoga	Shimoga	15,948 6 7
	Channagiri	17,187 0 6
	Honnali	8,421 10 1
	Sorab	5,651 13 10
	Sagar	5,853 10 11
	Tirthahalli	7,713 11 7
Chitaldrug	Chitaldrug	4,828 1 6
	Holalkere	3,066 13 0
	Davangere	15,181 5 0

It is presumed that the large decrease of Rs. 39,768-5-6 and Rs. 7,338-4-6 in the Chintamani and Sidlaghatta taluks is chiefly due to the formation of Srinivaspur into a separate taluk from 1st July 1897. It has been explained by the Deputy Commissioner, Mysore, in his letter No. 1268, dated 29th April 1898,

that, of the heavy decrease of Rs. 24,311-1-6 in the Krishnarajpete taluk, Rs. 21,371 is due to the absence, during the current year, of any such item as the "Sale of right of occupancy of waste lands" under the new Annaiyankatte tank, which fetched the above sum during the last year. The falling off in the rest of the taluks has not been explained. The attention of the Deputy Commissioners concerned is drawn to this office No. 10894-902—R. 3609, dated 16th May 1898, and they are again requested to explain the cause of the decrease which, in the case of Shimoga, Channagiri and Davangere taluks, is more than Rs. 10,000. It is hoped that suitable measures will be adopted and better results shown during the current month, the outstanding arrears being reduced in every taluk in the State to the lowest possible minimum.

No. 11111-8—R. 3710, DATED BANGALORE, 23RD MAY 1898.

ORDER THEREON.—The explanations given for the delay in the disposal of old darkhasts in the above districts are neither adequate nor satisfactory. Either the Deputy Commissioner or one of his Assistants will do well to go to the taluk head-quarters and after causing the production of all the pending files before him, and after holding such enquiry as may be necessary, give suitable orders for the final disposal of these darkhasts. The pendency of a few darkhasts from 1892 is not creditable.

2. Several darkhasts in the Kadur district are said to be pending on account of inspections to be made by Forest Rangers, District Surveyors, &c. These officials should be directed to complete their inspection as soon as possible.

Letter No. 971, dated 16th April 1898, from the Deputy Commissioner, Tumkur district.

No. 10804-7—R. F. 110-97, DATED BANGALORE, 13TH MAY 1898.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Rampura in the Koratagere sub-taluk.

2. The Bank is proposed to be established by 29 Members for the benefit of Rampura and 12 other villages in the Koratagere sub-taluk. The Members own 585 acres and 24 guntas of land, of which 148 acres and 33 guntas are inam, the aggregate value thereof being estimated at Rs. 12,000 with a liability of Rs. 5,030.

3. The Members propose to start the Bank with a capital of Rs. 15,000 but the Deputy Commissioner thinks that an advance from Government of Rs. 6,500 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 6,500 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Maddagiri Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

Letter No. 1181—975, dated 22nd April 1898, from the Deputy Commissioner, Shimoga district.

No. 10808-11—R. F. 109-97, DATED BANGALORE, 13TH MAY 1898.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Gonasukuni in the Sagar taluk

2. The Bank is proposed to be established by 12 Members for the benefit of Gonasukuni and other villages in the Sagar taluk. The Members own 353 acres and 13 guntas of land, the aggregate value thereof being estimated by the Inspector, Agricultural Banks, at Rs. 25,240 with a liability of Rs. 5,450.

3. The Members propose to start the Bank with a capital of Rs. 15,000 but the Deputy Commissioner, and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 12,000 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 12,000 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Sagar Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. Government are not at present prepared to raise the limit of loans under Class IV to Rs. 100.

Letter No. 8305, dated 27th April 1898, from the Comptroller to the Government of Mysore, submitting a statement showing the balances of special loans and house building advances outstanding on 30th June 1897, together with the Comptroller's review thereon.

No. 11001-10—FL. 1085, DATED BANGALORE, 19TH MAY 1898.

ORDER THEREON.—The Government Advocate in Mysore is requested to report what steps have been taken by him towards the recovery of the loan of Rs. 10,000, given to the late Mr. Hund for soap and candle manufactory.

2. The Comptroller reports that the following amounts due from certain encumbered Jahgirdars remained unrecovered at the end of January 1898.

		Rs.	a.	p.	
I	Agrahar Nanjaraja Urs and his brother Desiraja Urs ...	2,046	12	4	Principa
II.	Venkatesubbammanni, widow of Nanjaraja Urs ...	836	4	0	Do
III.	Musaib Rama Rao	2,824	2	5	Do
		994	11	0	Interest.
IV.	Sanna Rao, and other members of the third branch of the late Kille Cutcherry Thippiah.	544	12	5	Interest.

and adds that Rs. 164-8-3 due from Ahmed Alli and Mahamad Makdam and Rs. 399-5-6 due from Dawood Saib, being the amount of interest on loans advanced to them for the erection of artware workshops also remained unadjusted. The Deputy Commissioner of Mysore is requested to explain the cause of the delay in the adjustment of the above items.

3. The Deputy Commissioner of Kadur is requested to explain why the sum of Rs. 3,577-12-5 due by the Sringeri Matt on account of interest for 1896-97 is still left outstanding though he was written to twice by the Comptroller about its early recovery.

4. The Comptroller brings to the notice of Government that there has been great delay on the part of the Deputy Commissioner of Mysore in replying to the references from the Comptroller's office and that in the two cases noted in the margin no replies have as yet been received. The delay brought to notice calls for an early explanation which the Deputy Commissioner will be good enough to furnish. Prompt attention on the part of Deputy Commissioners is requested to all requisitions from the Comptroller's office.

Proceedings of the Government of Mysore,

READ AGAIN :—

Correspondence ending with letter No. 3306—186, dated the 10th January 1898, from the Conservator of Forests in Mysore *in re* the demarcation of certain Amrut Mahal kavals in the Hassan district now under the management of the Forest Department.

Letter No. 990, dated the 9th March 1898, from the Military Assistant, regarding the control of grazing in those kavals.

No. 10781-2—Ft. F. 40-95, DATED BANGALORE, 13TH MAY 1898.

ORDER THEREON.—Tracts constituting forest areas are worked by the Forest Department under an arrangement which has been in force since 1882. Exception to the ordinary practice was made in favor of the Amrut Mahal Department and permission was accorded to Government cattle grazing in parts selected for that purpose by the Forest Department. To make this forest tract strictly amenable to the jurisdiction of the Forest Department and its rules, a Notification has to be published to which the Military Assistant to Government takes objection on the ground that, as the head of the Amrut Mahal Department, he should have the power to regulate the privilege of grazing in that tract. He contends that herdsmen's cattle as well as Government cattle should be permitted to graze therein. Having given the matter their best consideration, Government are of opinion that, if the selection of the areas for grazing be made by the Forest Department as heretofore and the number and description of the cattle to be admitted to such areas be regulated by the Amrut Mahal Department, the interests of both the departments will be safeguarded and the question at issue satisfactorily settled. A Notification will accordingly issue as hereunder subject to the understanding above set forth.

The demand, collection and balance statements (Serial No. 8, Forest) of the several districts of the State for the eight months ending 28th February 1898.

No. 10784-92—FT. F. 116-95, DATED BANGALORE, 13TH MAY 1898.

ORDER THEREON.—The following statement, compiled from the returns received from the Deputy Commissioners of districts, exhibits the demand, collection and balance under "Forest" for the eight months under review as compared with those for the corresponding period of last year.

Statement showing the Demand, Collection and Balance under the head "Forest" for the eight months ending 28th February 1898 as compared with those for the same period of previous year.

Demand, Collection and Balance.	Year.	Bangalore.	Kolar.	Tumkur.	Mysore.	Hassan.

	Current year	11,166	13,817	4	.....	2,20,250

2. The total demand for the period under review shews a net increase of Rs. 1,93,247 notwithstanding the decrease of Rs. 45,771 in the Bangalore and Kadur districts as noted in the margin. The Deputy Commissioner, Kadur district, reported in the statement of estimated jamabandi that the decrease was due to poor crops of forest minor produce and to want of good bids at the sandal sales. Out of the decrease of Rs. 14,757 in the Bangalore district, Rs. 1,363 represents the falling off in the arrears at the beginning of the year and Rs. 13,394 the falling off under current demand as shewn in the margin. This decrease under "Current demand" requires explanation, which the Deputy Commissioner is requested to furnish at an early date.

District.	Last year.	Current year.	Difference.
Bangalore ...	72,081	57,324	14,757
Kadur ...	77,176	46,162	31,014

Current year...	131	57,193	57,324
Difference ...	1,363	13,394	14,757

3. Under "Collections" there is a general increase of Rs. 2,78,059 in all the districts.

4. The arrears on account of previous year's demand, as they stood on 1st July 1897 and 28th February 1898, are shewn below—

Districts.	On 1st July 1897.	On 28th February 1898.

READ—

Letter No 4238—256, dated the 12th March 1898, from the Conservator of Forests in Mysore (received with Comptroller's Memo No. 2584, dated 7th April 1898), submitting the Budget Estimates of receipts and expenditure of the Forest Department for the year 1898-99.

No. 11126-7—FT. F. 22-95, DATED BANGALORE, 23RD MAY 1898.

ORDER THEREON.—The estimated receipts and disbursements under all heads, excluding the Khedda Department, for 1898-99 are as follows:—

	Receipts.	Disbursements.
	Rs.	Rs.
Forests	12,70,000	5,15,000
Minor Departments, Agricultural and Miscellaneous ...	400	3,000
Total ...	12,70,400	5,18,000

Compared with the estimates for 1897-98, which amounted to Rs. 12,50,000 under "Receipts" and Rs. 5,07,156 under "Disbursements," a net increase of Rs. 20,000 under the former and of Rs. 7,844 under the latter is observed. The decrease of Rs. 600 under "Receipts" on account of agricultural experiments is explained to be due to the fact that all mills in stock were sold and the proceeds credited to Government under the head "Scientific and Minor Departments," while the expenditure under the same head remains the same as in the year 1897-98.

2. *Receipts.*—The most important items under which a large increase is anticipated and the reasons assigned therefor are noted below:—

I (*a*) *Timber.*—Rs. 1,325. Due to sales of timber from accessible District Forests in the Manjarabad, Belur and Arkalgud taluks.

(*d*) *Sandalwood.*—Rs. 44,430. Due to higher average rates expected to be secured should plague and scarcity subside, and the exchange fall.

II (*b*) *Firewood and Charcoal.*—Rs. 1,250. Due to increased consumption of firewood.

3. The main items showing a decrease and the reasons therefor are shown below:—

I (*b*) *Firewood and Charcoal.*—Rs. 4,800. Due to the transfer of seigniorage to be collected on firewood removed by contractors from Kamasandra Forest to the head II (*b*) and to the slack demand in the Hassan District.

(*c*) *Bamboos.*—Rs. 1,970. Due to short collections in sales with due regard to the available stock and current demand.

(*e*) *Grass and other minor produce.*—Rs. 5,200. Due to less yield of gallnut in the Tumkur District.

II (*a*) *Timber.*—Rs. 3,950. Due to the falling off in the number of licenses issued owing to the establishment of depôts and increased collection and sales in principal timber districts especially in the Shimoga District.

(*c*) *Bamboos.*—Rs. 3,000. Due to slack demand in the Shimoga District.

(*e*) *Other minor produce.*—Rs. 8,500. Due to the lease of tangadi and kakke in the Kolar District being reserved for 1899-1900.

4. *Expenditure.*—The main items under which increased expenditure is proposed are as shown below:—

A. Conservancy and Works.

I (*b*) *Firewood and Charcoal.*—Rs. 3,970. Due to larger collection of fuel for the depôts in the Kolar district where the demand is good.

(*d*) *Sandalwood.*—Rs. 7,275. Owing to larger collections than in the current year.

II *Timber and other produce removed from forests by consumers or purchasers.*—Rs. 1,144. Due to transfer from I (*b*) of provision for temporary establishments.

VII (*b*) *Buildings.*—Rs. 4,250. Due to the provision made for the Sandal Kothis at Bangalore, Mysore, Hassan and Chikmagalur, for Range Officer's Quarters at Sorab and Channagiri, sundry repairs to forest buildings, rest houses and watching stations in the Shimoga, Kolar and Chitaldrug Districts.

VIII (*a*) *Demarcation.*—Rs. 1,420. Due to the laying out of the demarcation lines around the newly constituted State Forests in the Hassan, Kadur and Chitaldrug Districts.

(*b*) *Compensation for lands and rights.*—Rs. 2,050. Due to the provision required for acquiring lands for the Jogimatti and Nirthadi State Forests in the Chitaldrug District.

B. Establishments.

I (*c*) *Subordinate Forest and Depôt Establishments.*—Rs. 1,092. Due to the transfer of provision from I (*d*) for establishment charges of Executive Range offices and also of provision for Yemmedoddi, &c., Kaval establishment which has been separately provided for by the Comptroller.

(*g*) *Probationary Foresters.*—Rs. 720. Due to the provision made for the three probationary Foresters to be newly entertained.

(*h*) *Forest Scholarships.*—Rs. 1,440. This provision is due to the three Foresters to be deputed to the Forest School at Dehra Dun.

II. & *III.* The slight increases under the heads "Travelling allowances" and "Contingencies" do not call for any remark.

5. The important items under which there is a decrease in the estimated expenditure are the following:—

A. Conservancy and Works.

I (*a*) *Timber.*—Rs. 1,373. Due to short collection in the Hassan District owing to extraction of timber from ghat forests being found impossible in the absence of proper roads.

(*c*) *Bamboos.*—Rs. 1,685. Due to short collections in the Bangalore, Hassan and Kadur Districts.

VII (*a*) *Roads and Bridges.*—Rs. 7,100. Owing to the small provision made for repairing and opening cart-tracks in certain forests.

B. Establishments.

I (*d*) *Office Establishment.*—Rs. 1,944. This decrease is due to the transfer of the amount to the head I (*c*) Subordinate Forest establishment and also of provision for Yemmedoddi, &c., which has been separately provided for by the Comptroller.

The other items call for no remarks.

6. With the foregoing observations, the budget estimates as shown below are sanctioned and passed on to the Comptroller, Mysore Government, for incorporation in the Provincial Budget for 1898-99.

PUBLIC WORKS.

Proceedings of the Government of Mysore

READ:—

The following Note by the Officiating Chief Engineer, dated 21st March 1898, submitting the Final Issue of the Sanitary Works Budget for the year 1897-98.

I submit for the sanction of Government the accompanying Final Issue of the Sanitary Works Budget for 1897-98. It amounts to Rs. 1,60,000 or Rs. 12,000 more than the original grant, as shown below, the increase being chiefly due to provision having been made for some fresh works in Part III, which were not brought forward in the Preliminary Issue—

Part I.—Government grants-in-aid and recoverable loans to Municipalities	68,000	66,000
Part III.—Special Grant works	32,000	49,500
Establishment	42,000	41,750
Tools and Plant	6,000	2,750
	1,48,000	1,60,000

Part I.—The grant under this head, which was reduced from Rs. 1,00,000 to Rs. 68,000 in Government Proceedings No. 633-48—4482-97 of 11th September 1897, sanctioning the Preliminary Budget, has been further reduced to Rs. 66,000, which is sufficient to meet requirements, as reported by the Sanitary Engineer. Provision has been made for two incomplete works of the previous year, omitted in the Preliminary Budget under the impression that they would be completed in 1896-97.

Part III.—The grant under this head, which was fixed at Rs. 32,000 in the Proceedings quoted above, has been increased by Rs. 17,500, chiefly to provide for the following fresh works since sanctioned—

(1) Filling in the Bennaïerdanhalli feeder to Dodkere tank, at Mysore.
(2) Filling up the East Fort Ditch at Mysore.
(3) Widening and improving the Kannegaudan Koppal at Mysore.

Establishment and Tools and Plant.—The charges under these heads have been slightly reduced according to actual requirements.

No. 441-55—2813-27, DATED BANGALORE, 20TH MAY 1898.

ORDER THEREON.—The Final Issue of the Budget Estimate for Sanitary Works for the year 1897-98, submitted by the Officiating Chief Engineer, is hereby sanctioned for Rs. 1,60,000.

By Order,
D. McN. CAMPBELL, *Colonel*,
